

Returning to School During COVID-19

Written by Heather Androsoff

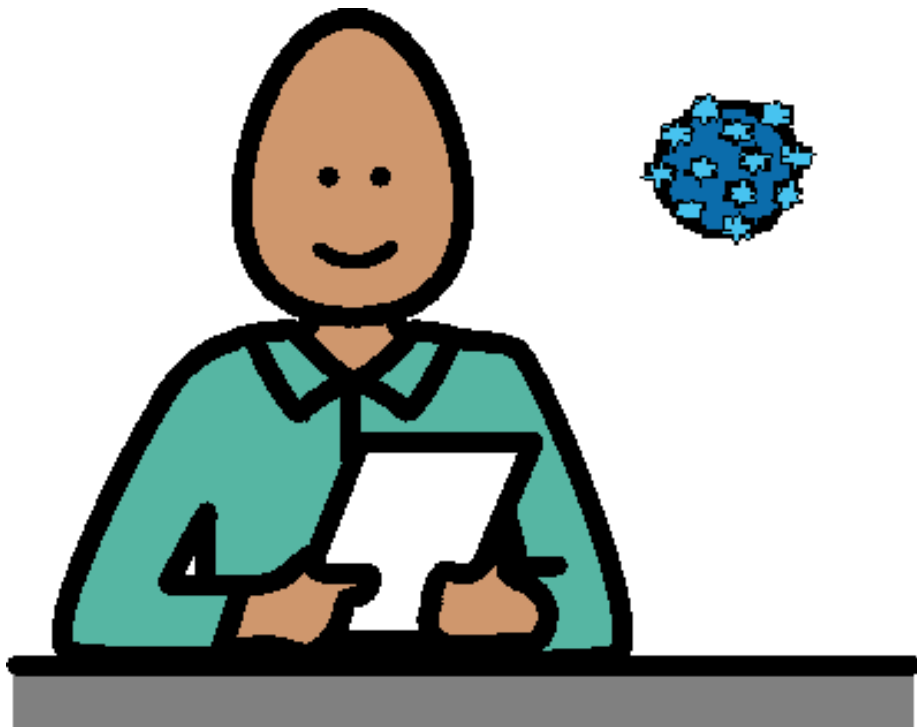

Social Stories 4 Kids

www.socialstories4kids.com

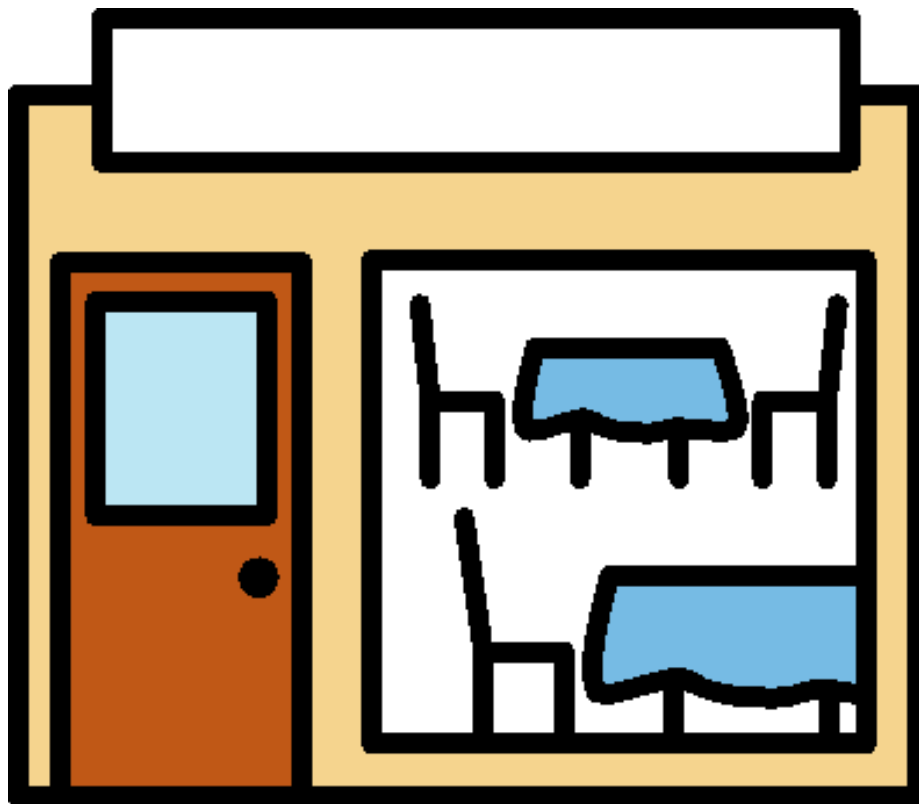

We have done a
good job of social
distancing and
staying at home.

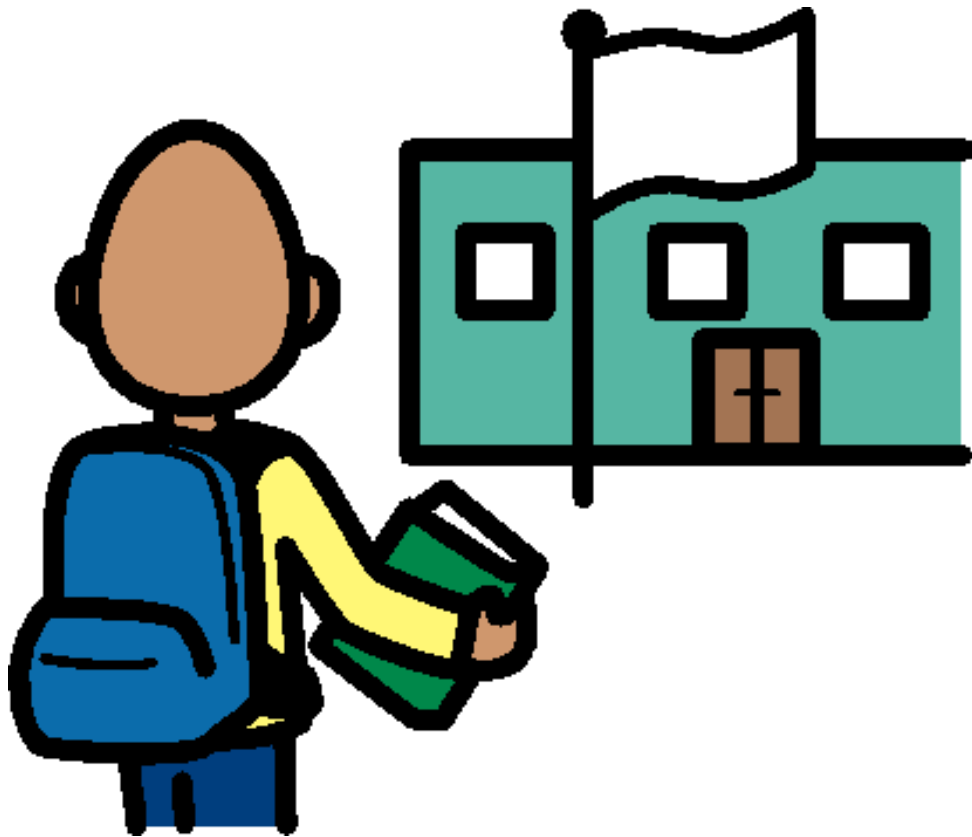

Less people are
getting sick with the
Coronavirus.

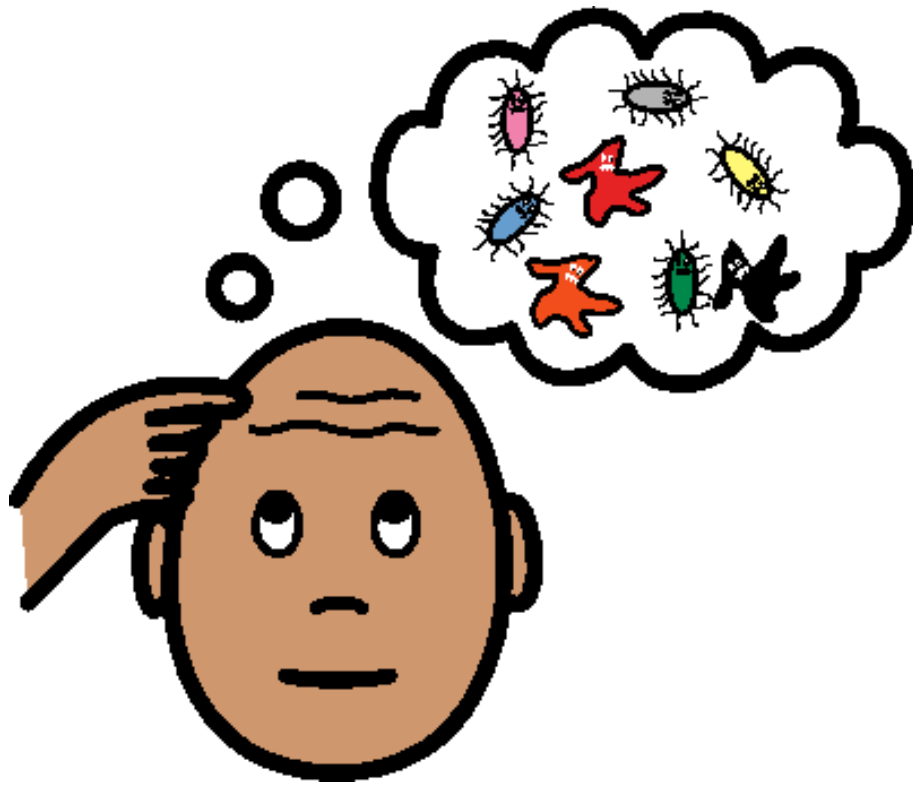

Some places will
start to re-open
gradually.

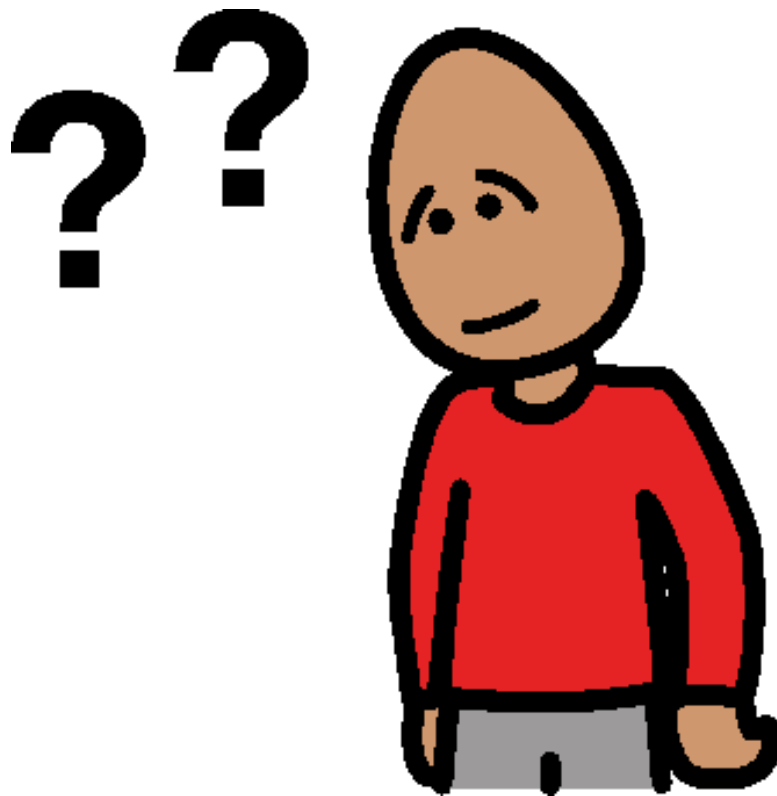

Schools are
re- opening
soon!

We need to be careful so that we don't spread germs at school.

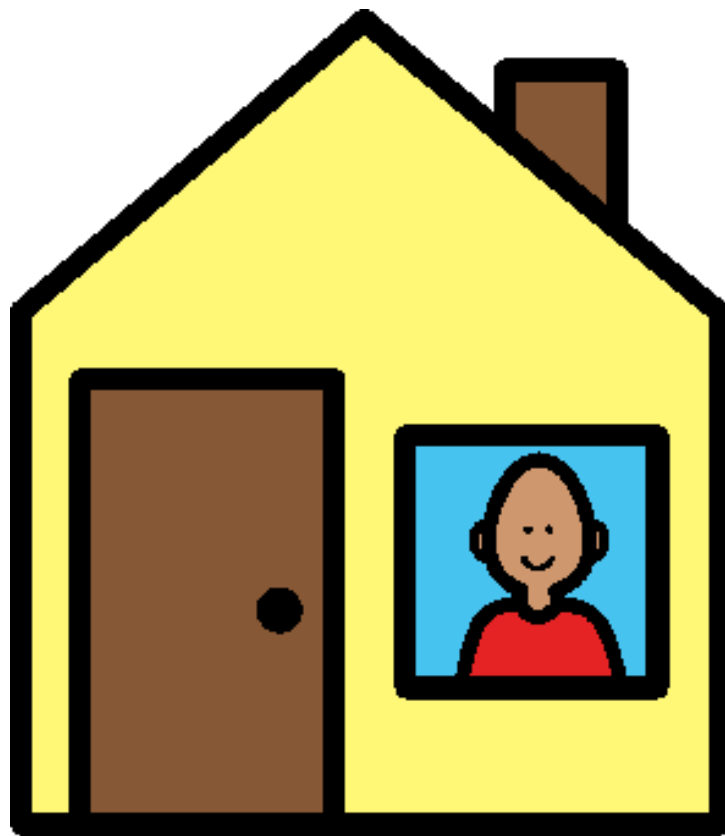

To keep everyone safe, things will be different at school.

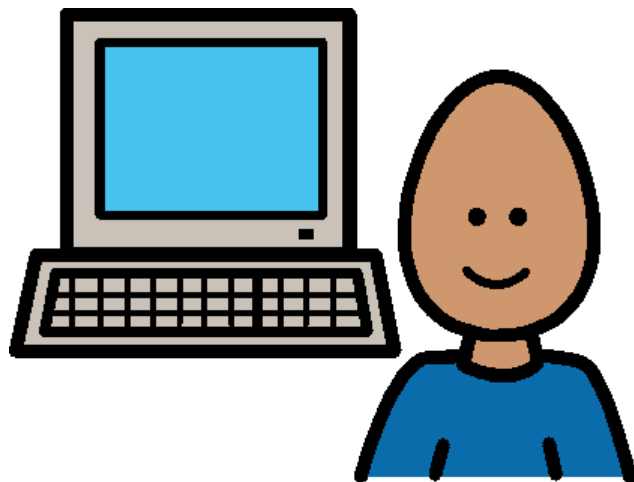

Some teachers will
stay at home.

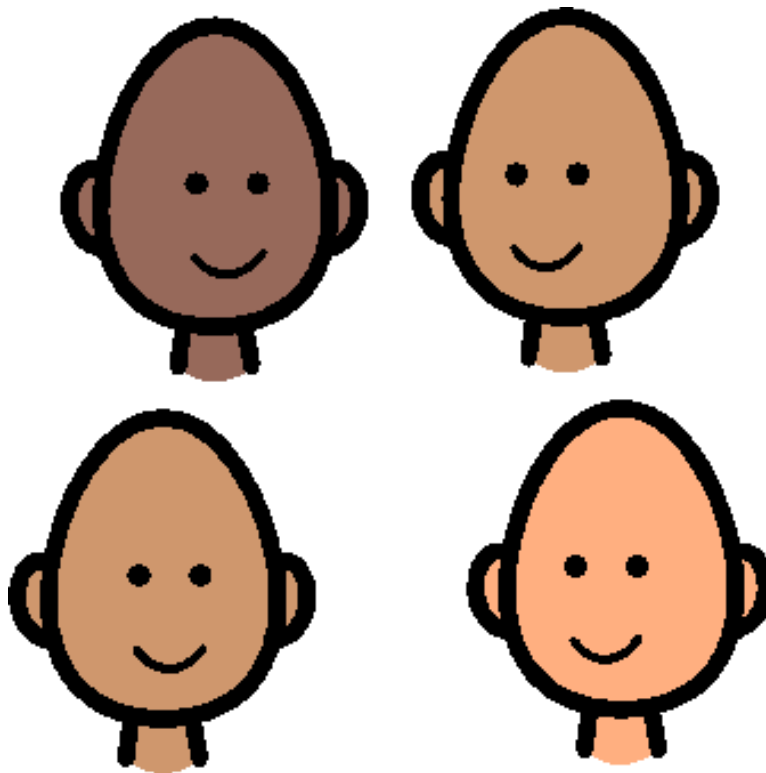

Some children will
stay at home.

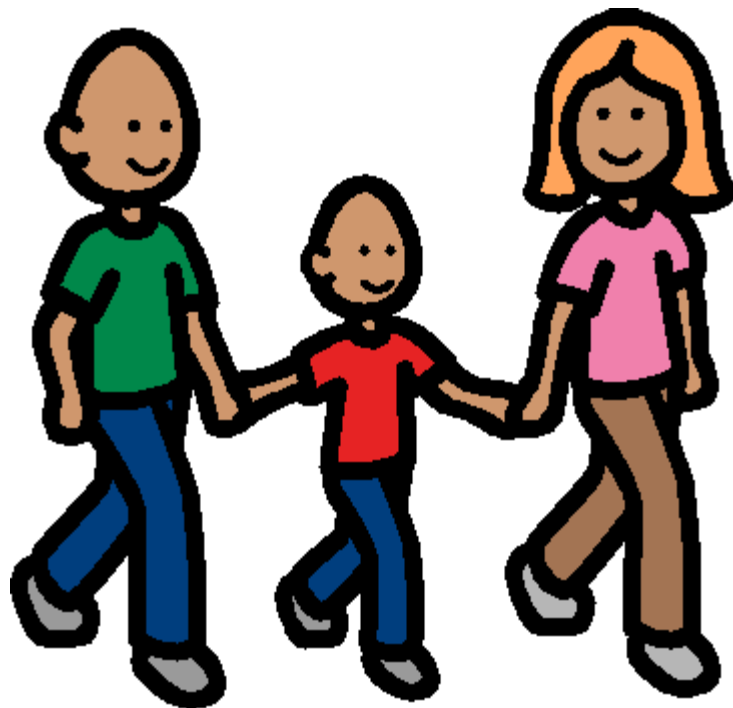

Learning will take
place at school
and online.

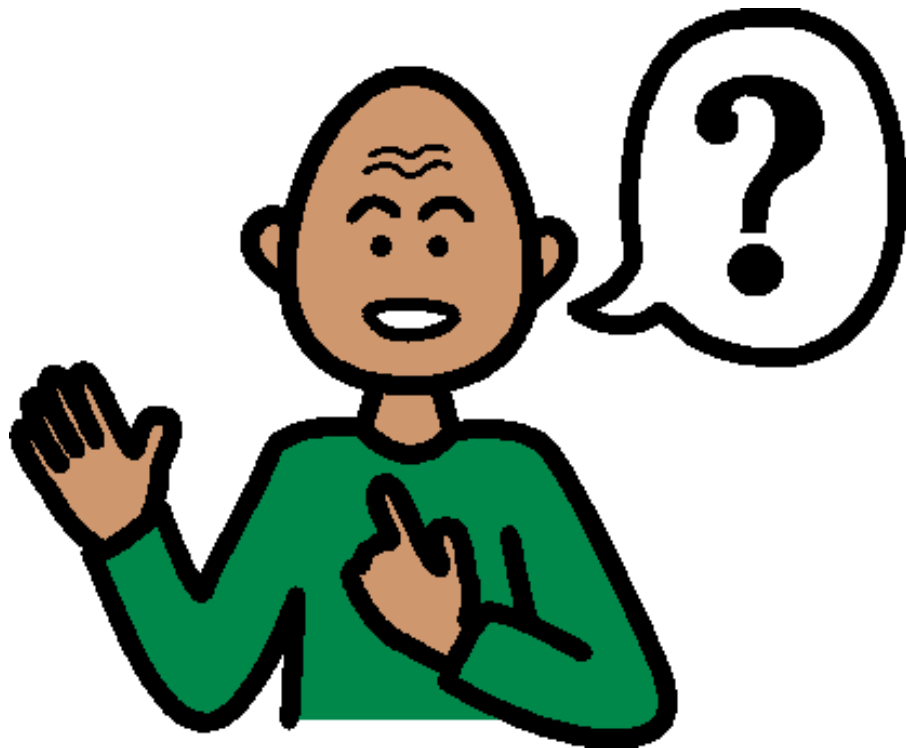

Children who come
to school will attend
in smaller groups.

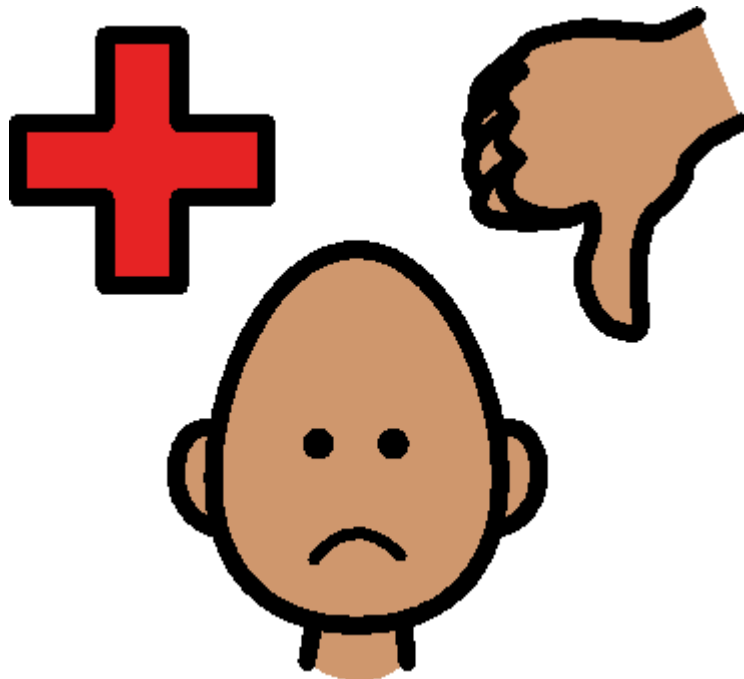

Parents will be asked to stay out of the building to limit the amount of people inside.

Everyone entering
the school needs to
make sure that they
are healthy.

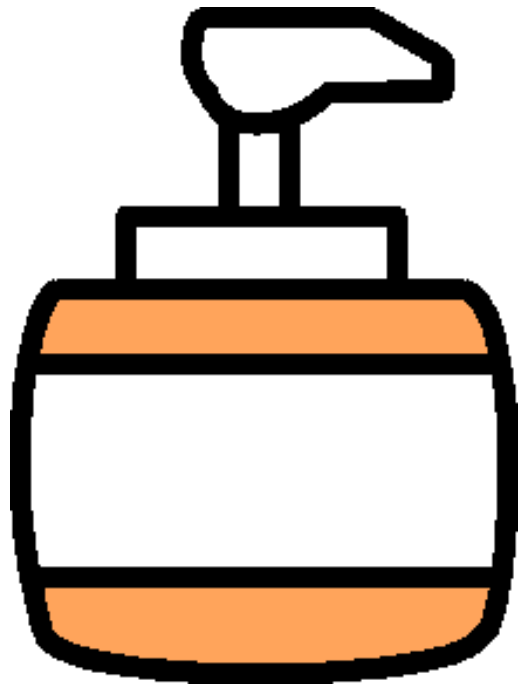

Anyone who is feeling sick needs to self-isolate at home so they don't get others sick.

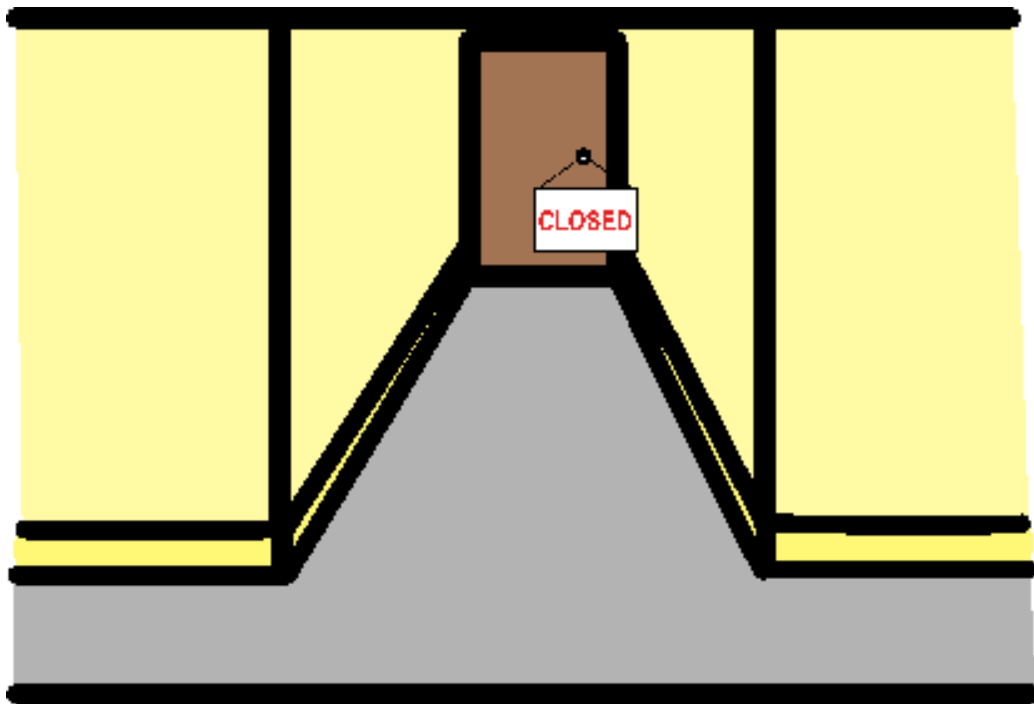

Everyone that enters the school needs to wash their hands with soap for 20 seconds.

Using handsanitiser
at school is also a
good idea.

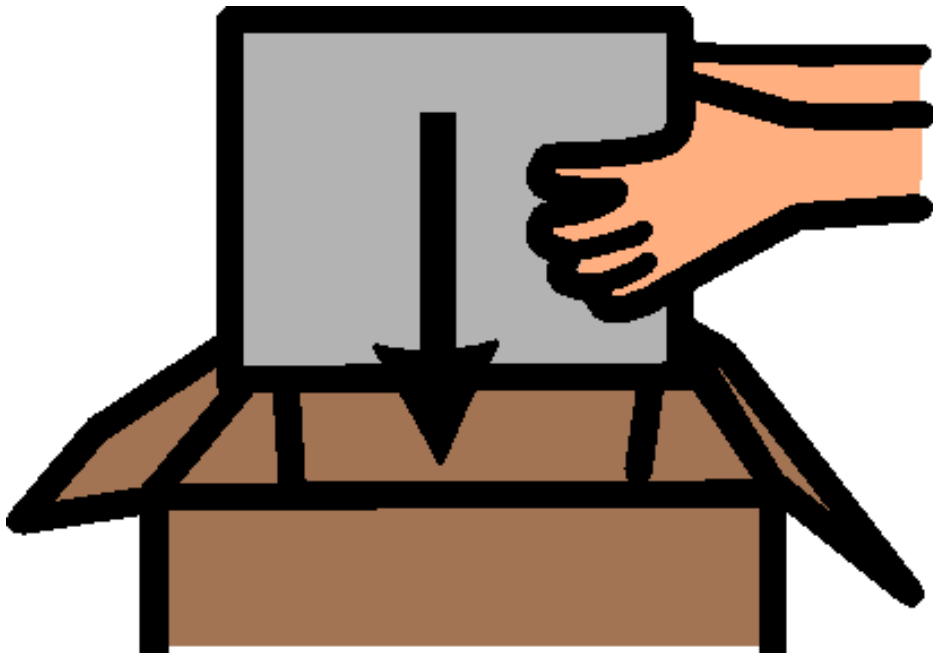

Some parts of the school might be closed.

The classrooms will look different.

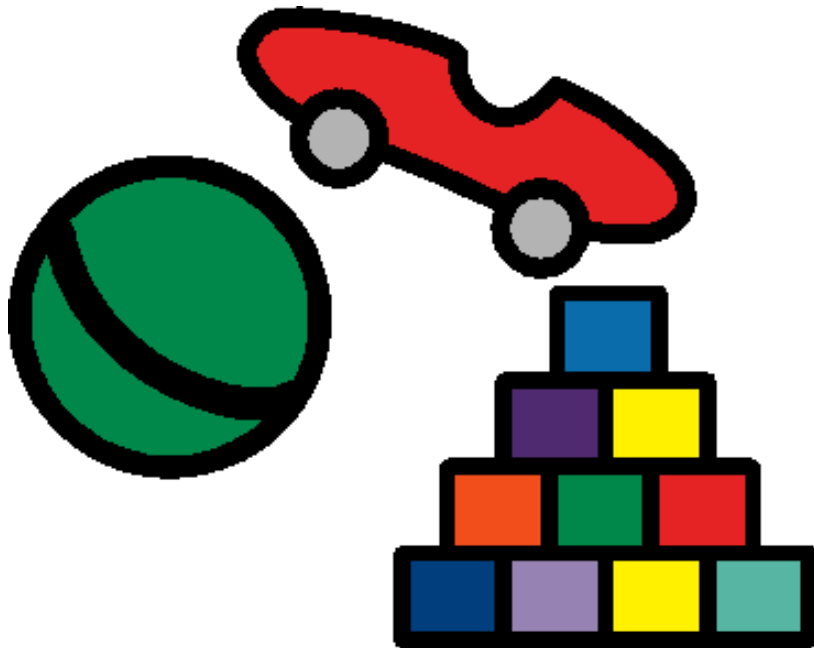

Many things will be
put away.

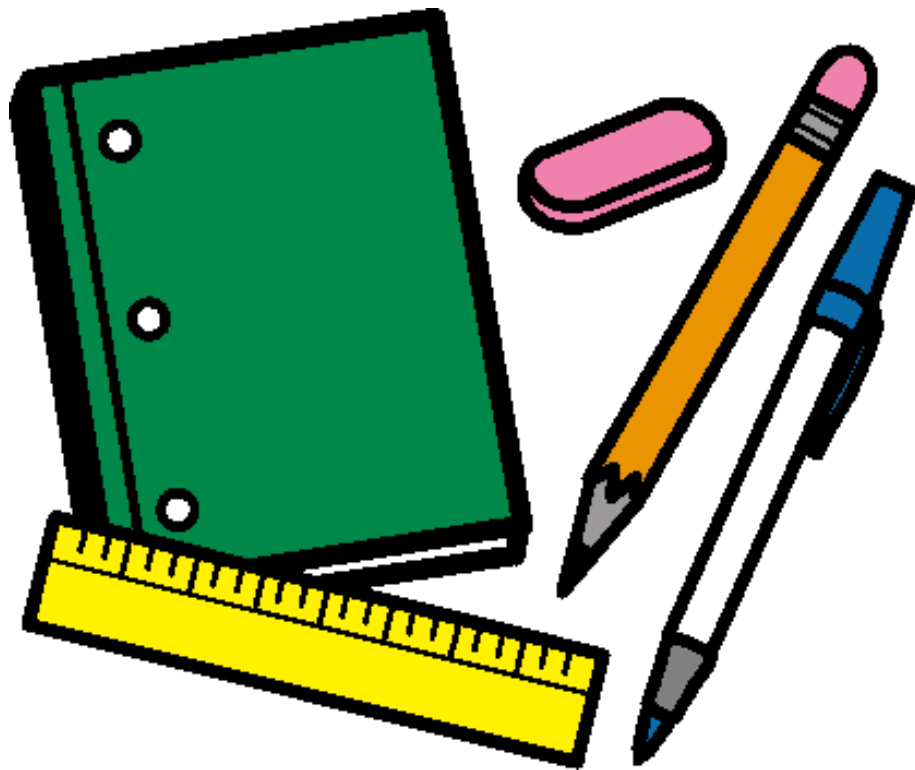

We will not be able
to share books at
school.

We will not be able
to share toys at
school.

We will not be able to share supplies at school.

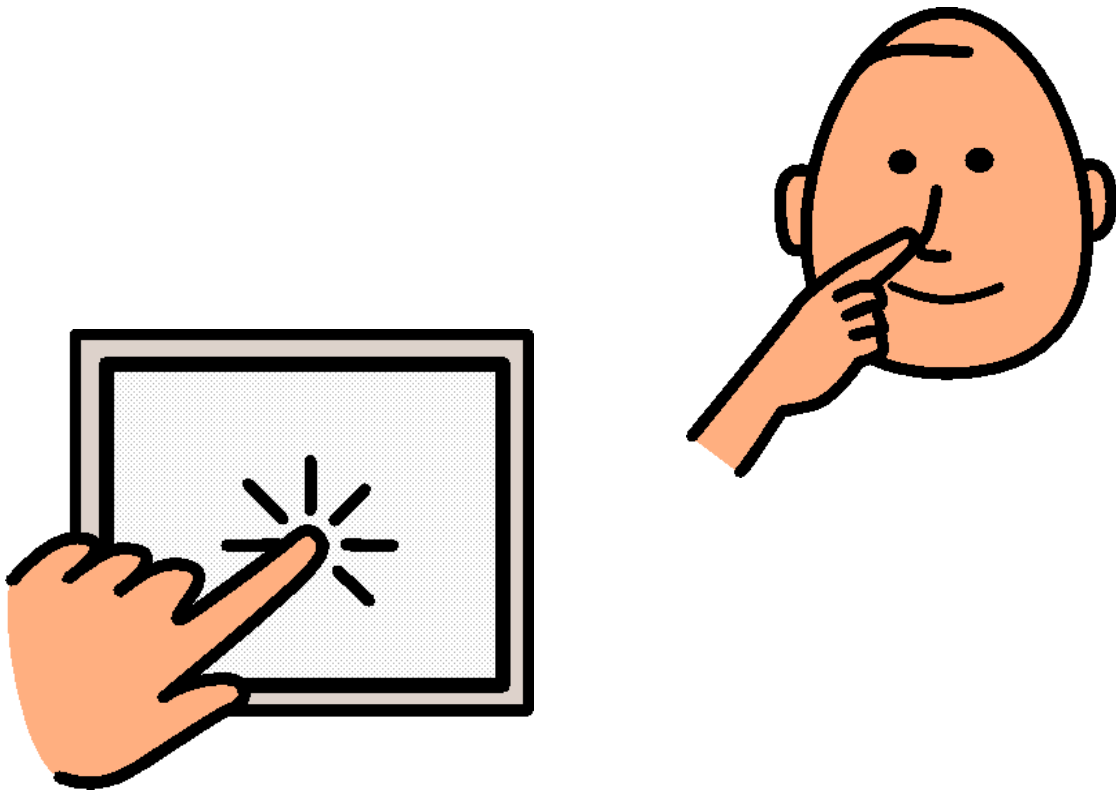

We will not be able
to share some
equipment at
school.

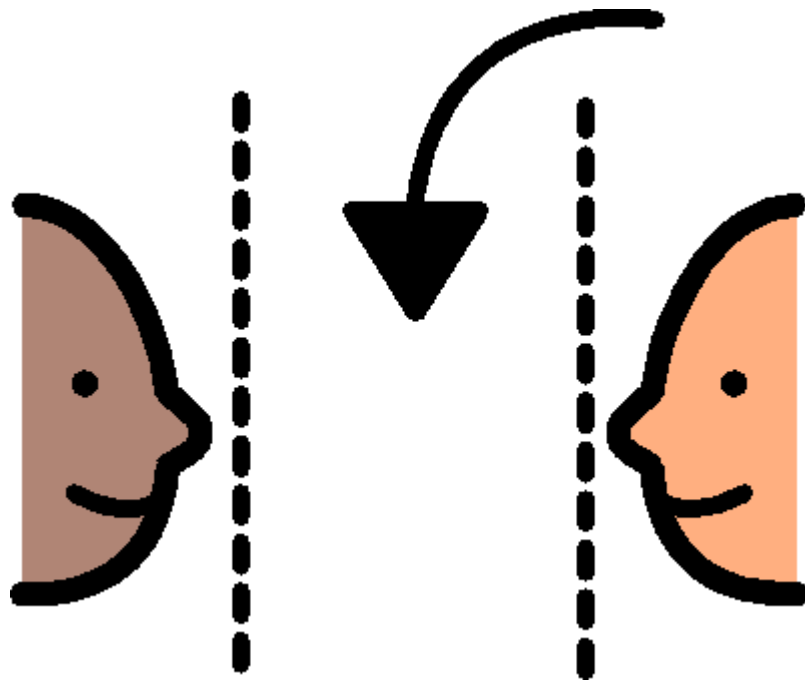

We will not be able
to share food at
school.

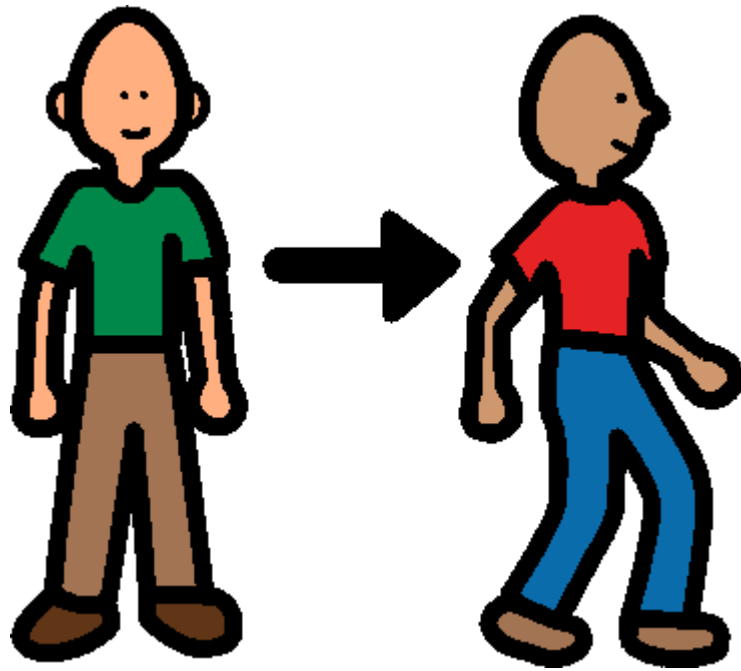

We need to limit
the things that we
touch so that we
don't spread
germs.

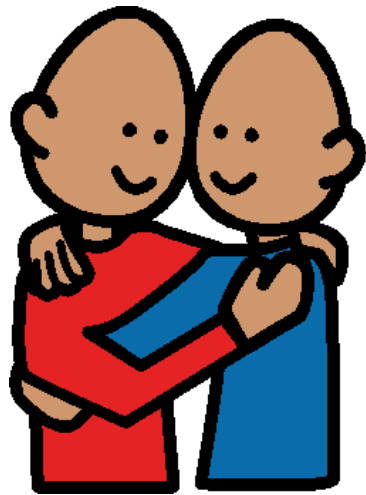

We also need to
physically distance
ourselves from
others at school.

Lining up at school
will have larger
spaces between
each person.

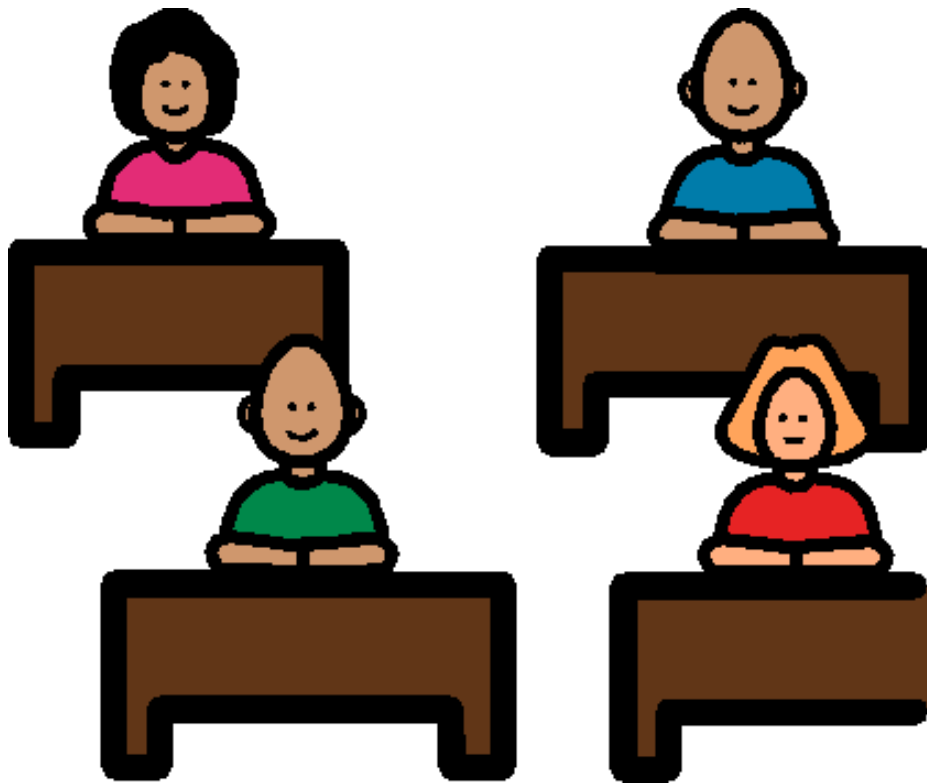

We will not be able to hug others or hold hands with others at school.

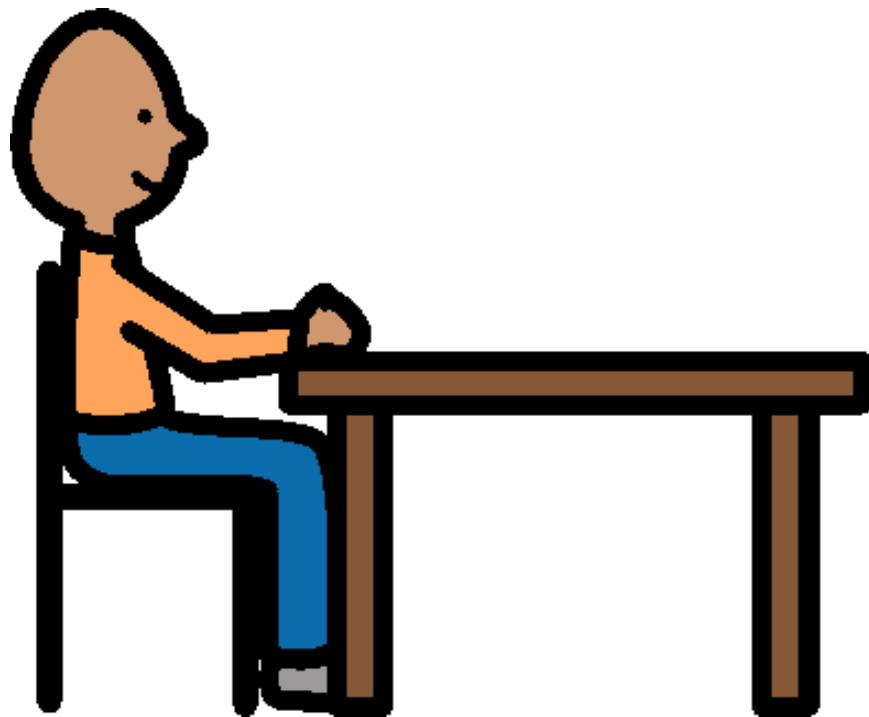

Most children will
not sit together on
the carpet.

The tables will be spread out, instead of in groups.

Children will sit at
their own table.

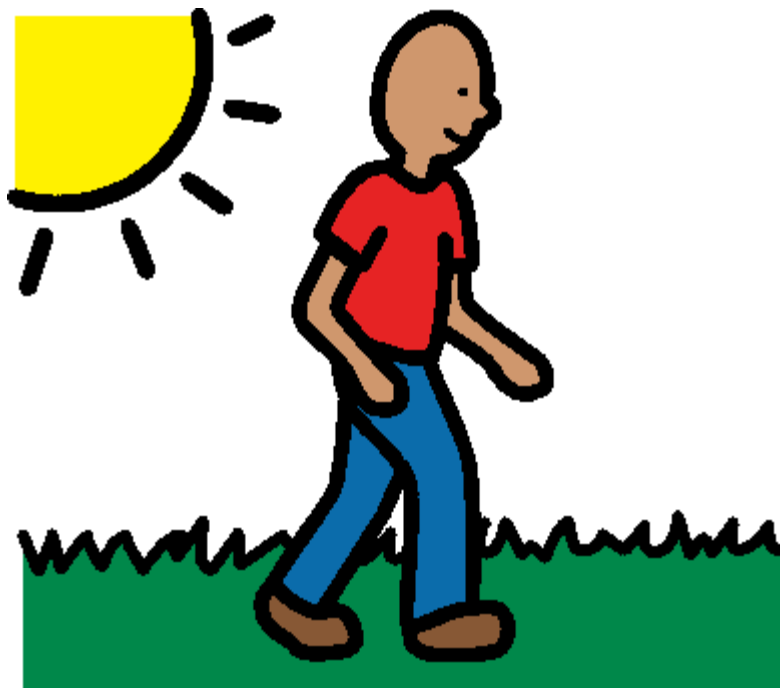

Children need to
stay at their table
and do their tasks
on their own.

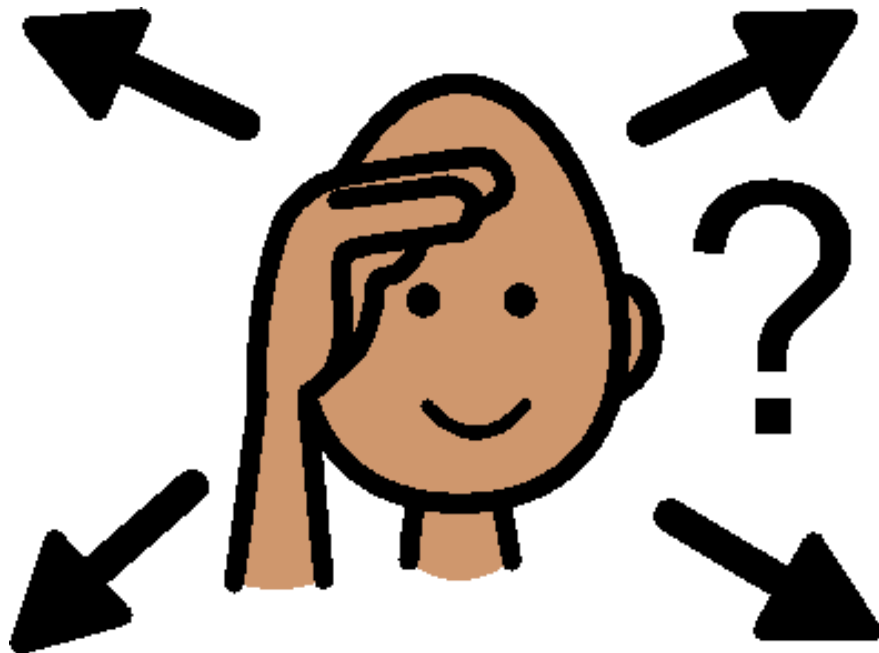

The playground will be split in half.

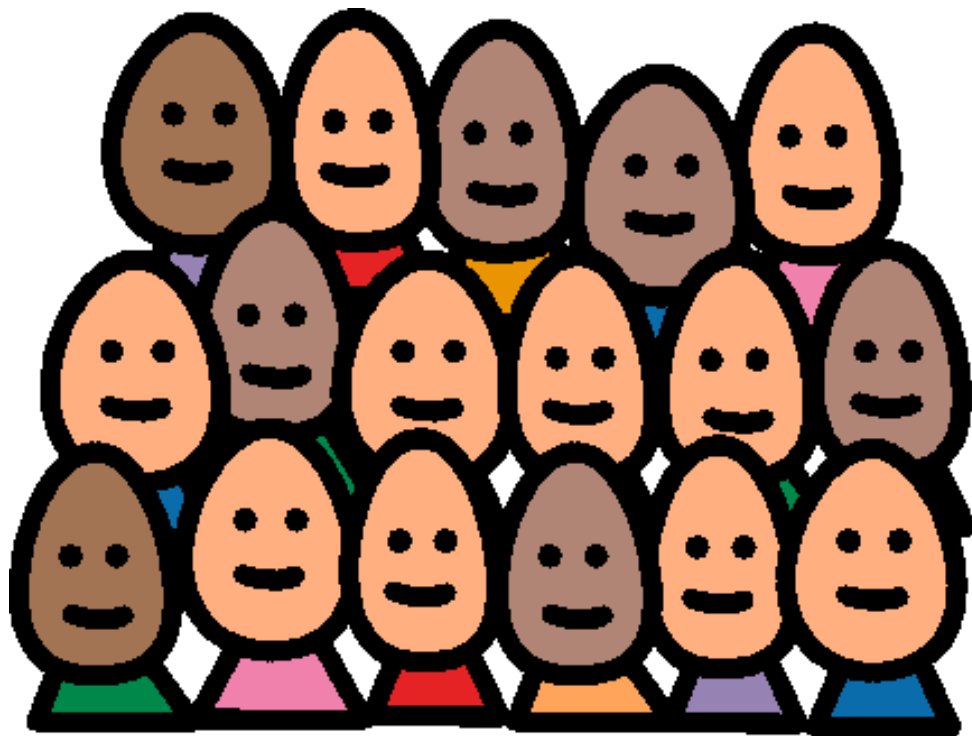

Children will need to find other things to do outside, and keep their distance from others.

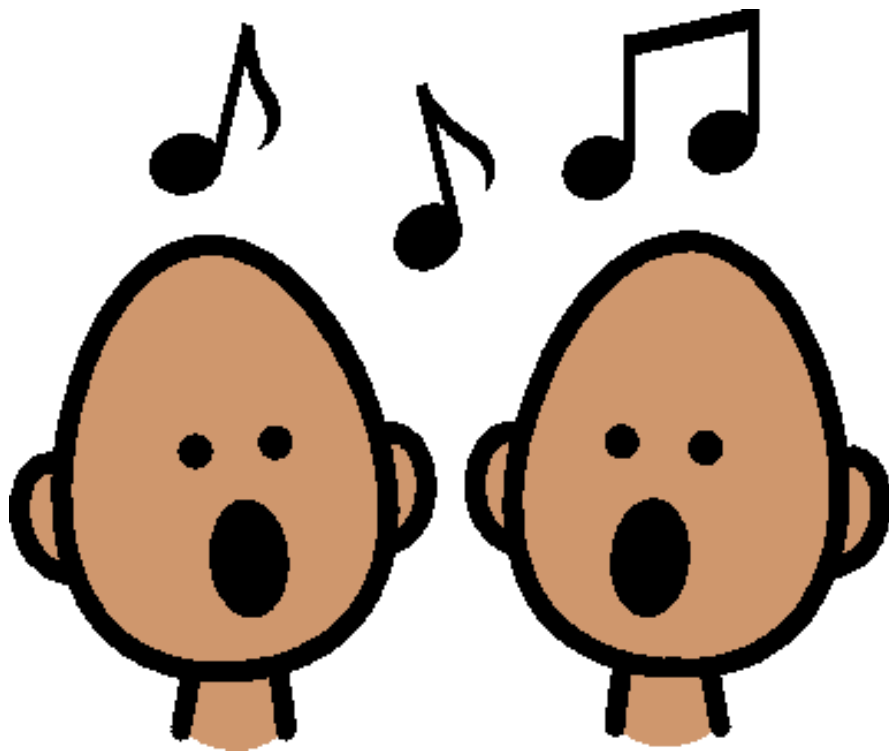

Friends from other classes might not be outside at the same time.

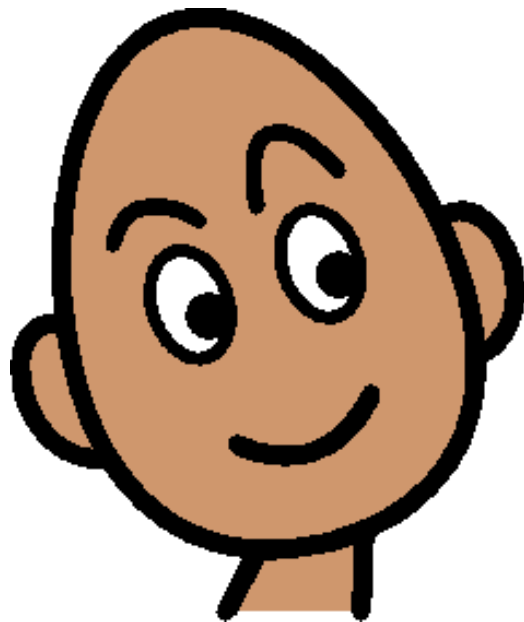

There will not be large gatherings at school, like assemblies.

School clubs are
cancelled.

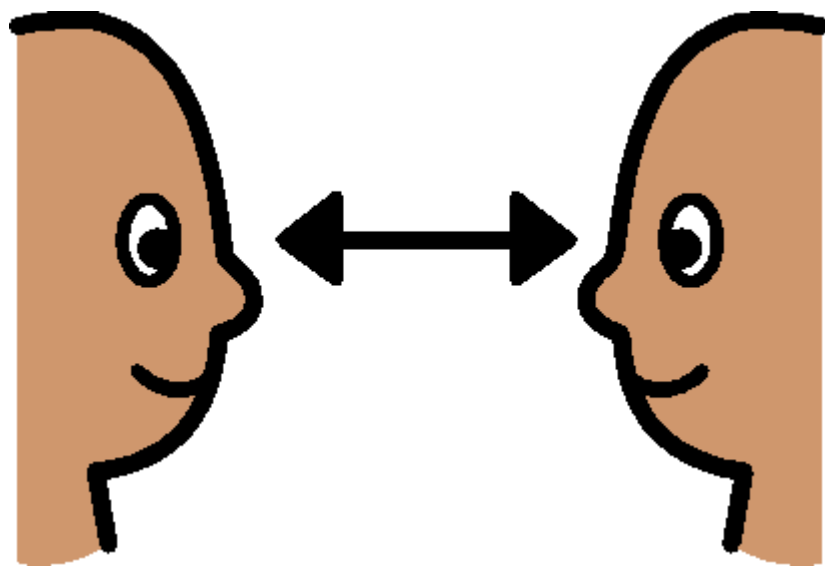

There are many
things that we will
be able to do at
school!

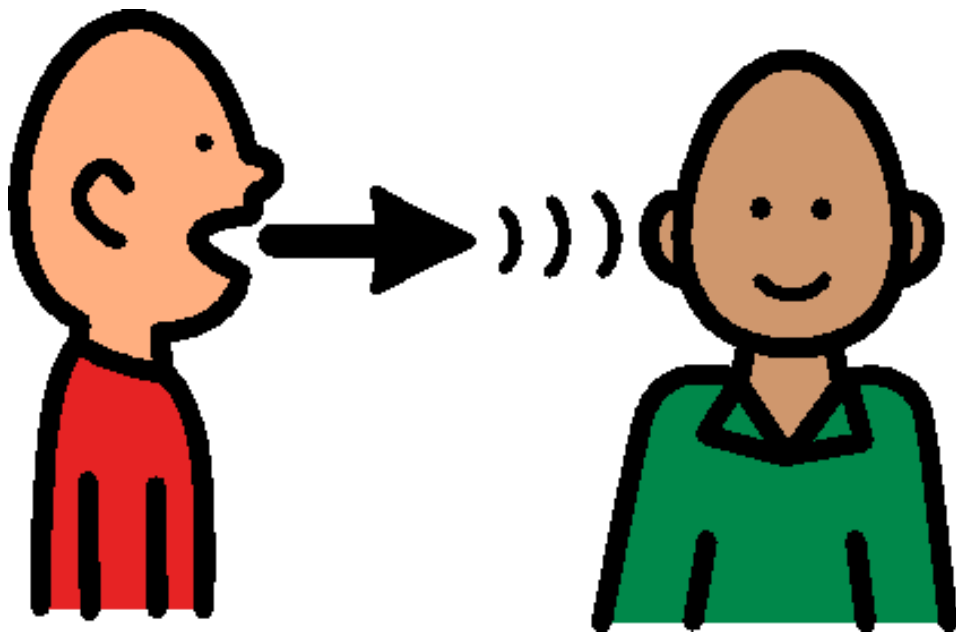

It will be nice to be
at school again.

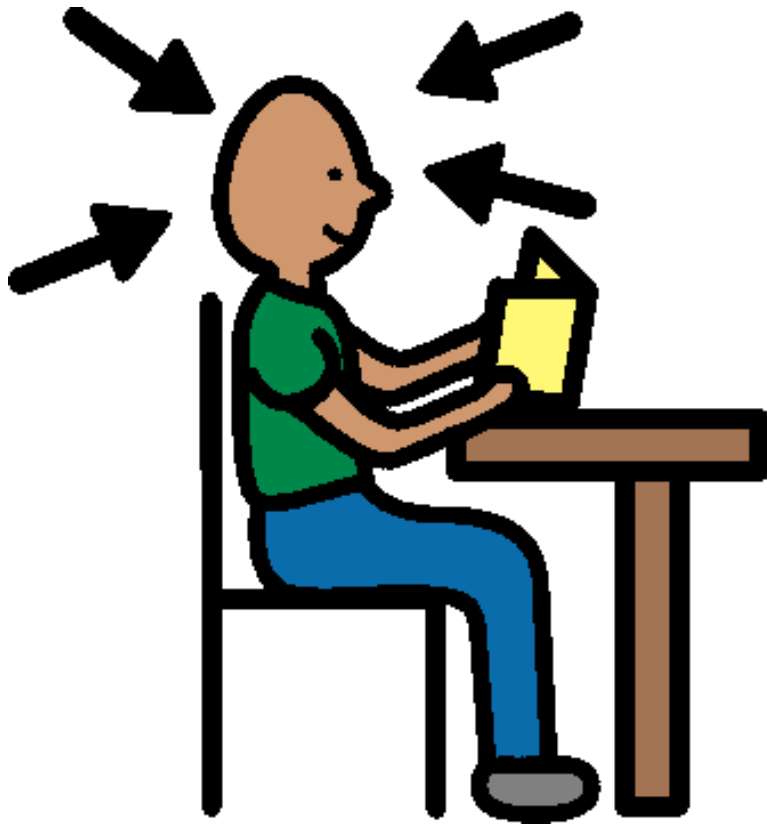

It will feel good to
see some familiar
faces from a
distance.

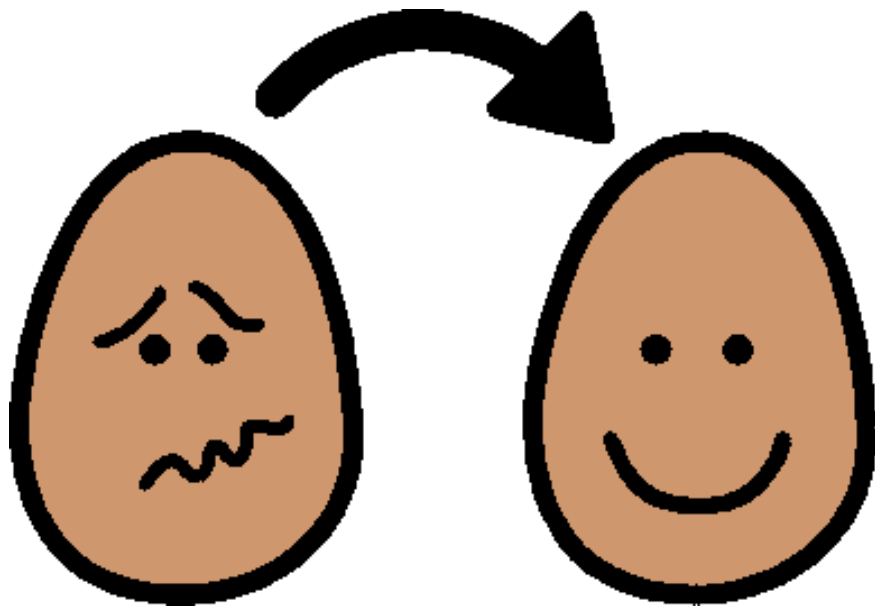

It will feel good to socialise with others from a distance.

It will feel good to
learn at school.

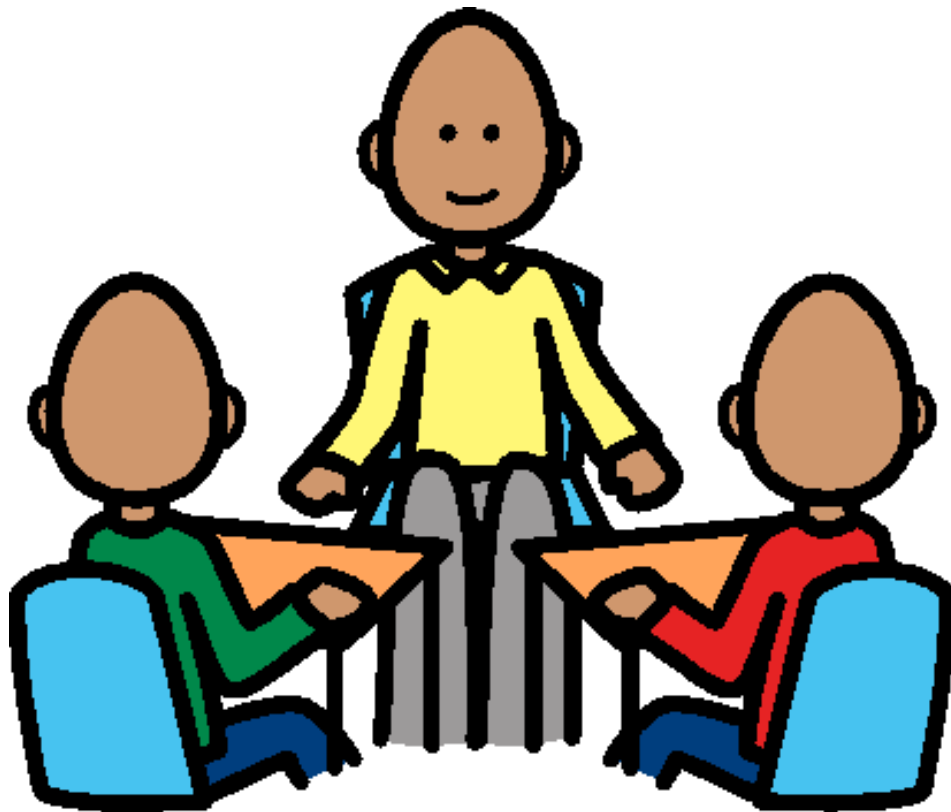

These changes at school are temporary. They will not last forever.

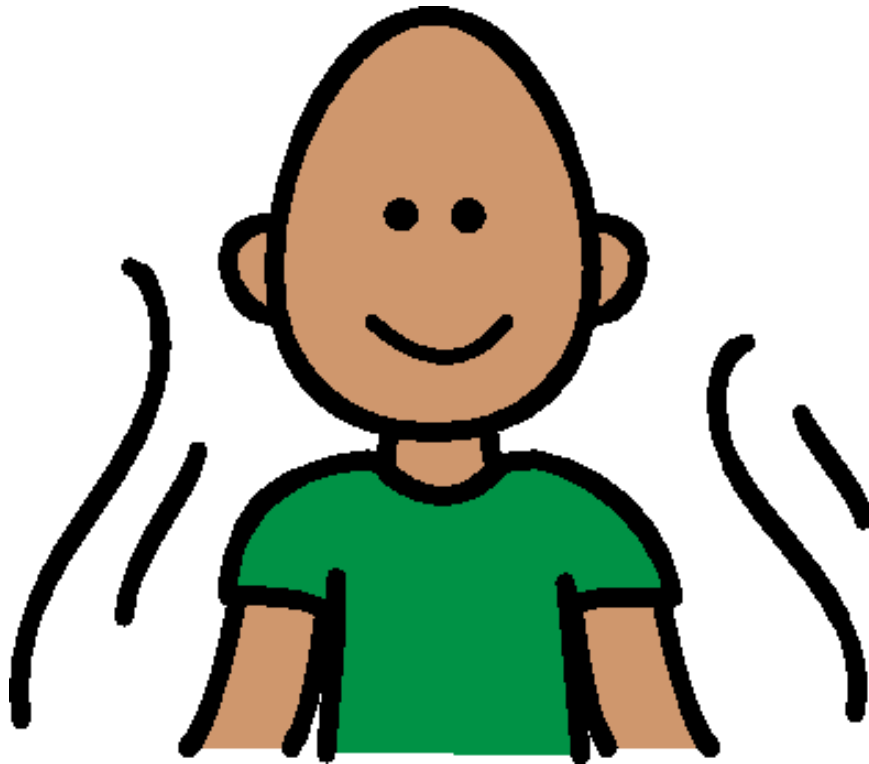

The cleaners will
work hard to help
keep our school
clean.

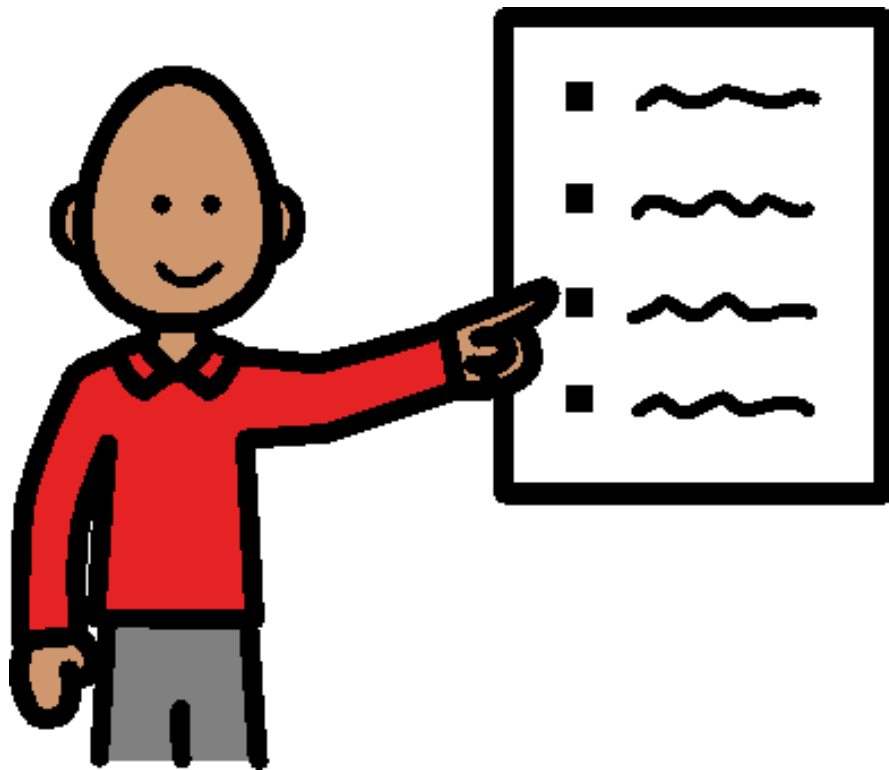

The teachers will
help everyone to
stay safe.

When it is time,
things at school will
be more relaxed.

For now, everyone
needs to follow
these safety rules.

Being cautious at school helps to keep everyone safe and healthy!
